PIPE ORGAN AT GRACE CHURCH

Used for First Time Sunday when Recital was Given by W. F. Habekotte-To be Dedicated in February-Magnificent Work of the Guild for Church and Organ

The first formal use of the pipe organ took place in Grace Episcopal church, Yantic, Sunday afternoon, at a recital given by W. F. Habekotte, choir director of Christ church, assisted by the choir of Christ church, Brewster will make his annual visit to the parish. Norwich. is a likelihood that at the next refere is a figeneral assembly an attempt will be made to provide compensation for the members of the C. N. G. for attendance at drills, says the Hartford Times. A committee of the legislature is on record as having turned down a similar proposition, but, when a street or the matter. turned down a similar proposition, but, since action was taken on the matter, there has been a change in the conditions. There is more required of the private and officer of the C. N. G. than formerly. The passage of the Dick bill by congress and the change in the state law to make it conform to the provisions of that federal measure have changes the status of the national guardsman. He is more of a soldier than ever before. In a conversation this week Adjutant General Cole said that the expense to the state by the than ever before. In a conversation this week Adjutant General Cole said that the expense to the state by the compensating of the members of the C. N. G. for their services in attending drills would be about \$30,000 a year. The only time the national guardsman is compensated is when he is called out for duty or for training. It is a fact that the soldiers derive little or no inancial benefit from the pay which they receive for services. They in many instances turn their pay over to the treasury of the company. In some places membership in the C. N. G. is a financial hardship. In Danielson, for instance, the members of the local company are obliged to spend money in trolley fares to reach the armory. This money comes out of their own pocket, so that their services to the state is actually a source of expense to them. This is hardly fair. There are a number of states in the union where the members of the state millita are paid for attending drills. Now that the state has attended to a number of matters that pressed for action, it is more than likely that the payment of members of the C. N. G. will receive sympathetic consideration.
